Aluminum wire

"Aluminum wire: meeting customer specifications," Elizabeth A. Fessenden, March 1990, p. 50.

Archival report

"License to steel," Don Sayenga, June 1990, p. 36.

Chemicals and coatings

"An evaluation of the performance properties of poly (vinyl chloride) wire and cable compounds for severe service applications," A. William Coaker, Marcelo M. Hirschler and Carl J. Tomanek, February 1990, p. 43.

"Combustion toxicity, or how an issue has been 'hot wired,'" Robert S. Strength, March 1990, p. 42.

"A new generation of corrosion protective coating," M. Dewitte, A.P. Van Peteghem and E. Wettinck, May 1990, p. 30.

"Optimization of copper wiredrawing lubricants with a view to enhancing production efficiency," Keith Glossop, May 1990, p. 42.

"Copper drawing agents—some new ideas," Gerhard H. Geiger, May 1990, p. 60.

"Boundary lubricity of copper rod drawing emulsions," T.I. Rees, July 1990, p. 46.

"Filtration concepts for water soluble nonferrous wiredrawing," Joseph Scalise, August 1990, p. 22.

"Criteria for selecting flame retardant, low smoke and low toxicity coaxial cables for radio and microwave applications," S. Rampalli and V.K. Chopra, September 1990, p. 81.

"Aluminum oxide—a major contributor to the growth of fluidized bed processing," William W. Wellborn, October 1990, p. 39.

"Recent developments in Galfan-coated wire," Frank E. Goodwin, Marshall P. Roman and J.J. Hogan, October 1990, p. 48.

"In-line cleaning," Paul Gibson, November 1990, p. 19.

"Physical foaming in telephone wires—an economical way for telephone cable manufacturing," Jouni Heinonen, November 1990, p. 46.

"Advances in silane crosslinkable polyethylene," R. Cameron, K. Lien and P. Lorigan, December 1990, p. 56.

Company profile

"Copper, brass mill thrives under 100 percent employee ownership," December 1990, p. 30.

Computerization and automation

"The use of the personal computer for simulation of the process of wire drawing and extrusion in an interactive, user-friendly mode," Betzalel Avitzur, January 1990, p. 48.

"CIM—a major factor in the manufacturing philosophy for the future," Walter Akeret and Urs Buhler, September 1990, p. 51.

"Automation in cable manufacturing," Axel Sandt, October 1990, p. 22.

Copper wire

"Surface evaluation of copper wire," Gil Baker and Roger N. Wright, December 1990, p. 51.

Dies

"Even the world's best machine can only do so much," December 1990, p. 24.

Editorial

"Beware the rolling barrel," Clifford D'Addetta, January 1990, p. 4.

"The birth of an angry mob," Clifford D'Addetta, February 1990, p. 4.

"This is not your average show," Clifford D'Addetta, March 1990, p. 4.

"The Answer Man strikes again," Clifford D'Addetta, April 1990, p. 4.

"On Earth Day 1990," Clifford D'-Addetta, May 1990, P. 4.

"Is competition healthy," Clifford D'-Addetta, June 1990, p. 4.

"924 attend spring meeting," Clifford D'Addetta, July 1990, p. 4.

"The big stink," Clifford D'Addetta, August 1990, p. 4.

"Now what?" Clifford D'Addetta, September 1990, p. 4.

"On internationalism," Clifford D'-Addetta, October 1990, p. 4.

"The plight of the FFF," Clifford D'-Addetta, November 1990, p. 4.

"The booming echo," Clifford D'-Addetta, December 1990, p. 4.

Electrical wire

A comparison of three SZ methods for stranding and cabling electrical conductors," Ranier Duewelhenke, Gerhard Ziemek and Dimitri R. Stein, November 1990, p. 37.

1990 ARTICLE INDEX

Fabricating

"Development of wire rod with low flow stress for non-heat-treated fasteners," H. Kanisawa, T. Mori and Y. Okuno, April 1990, p. 32.

"Free machining steels: evolution of processes and product performance," Gilles Pierson, April 1990, p. 40.

Fasteners

"New developments in instant fasteners," Bernard M. Guay, April 1990, p. 60.

Fiberoptics

"Interlaying coloring of fiber and cable with UV-curable inks," Nate Rosebrooks, March 1990, p. 78.

"Process monitoring instrumentation in the fiber optic environment," Michael A. Daily, October 1990, p. 30.

Fine wire

"A fine wire drawability case study," Horace Pops and Duane Hobbs, June 1990, p. 22.

Guest editorial

"WISA participates in liability prevention group," Harry W. Buzzerd Jr., January 1990, p. 80.

"Visit U.S. Pavilion at Wire 90 in Dusseldorf," Harry W. Buzzerd Jr., March 1990, p. 22.

"Generations of commitment and promise," Harry W. Buzzerd Jr., July 1990, p. 78.

"Time to access your export potential," Clay D. Tyeryar, September 1990, p. 197.

"Is the glass half empty or half full," David J. Gemelli, November 1990, p. 27.

"Why join an association?" Raymond J. Hovey, December 1990, p. 47.

Machinery

"Development of a new wire rod mill—bevel roll mill II," Shingoro Fukuoka, Keizo Kosugi, Manabu Kiuchi and Jun Yanagimoto, July 1990, p. 35.

"Development and application of engineering ceramics in wire drawing cones, capstans and pulleys," Walter W. Gruss and Heinz Eichas, July 1990, p. 53.

"Application of ceramic foam filtration in continuous casting," Stephen C. McPherson, September 1990, p. 35.

Market outlook

"A strategy for the 1990s," John F. Champagne, February 1990, p. 21.

"Building the marketing team for the 1990s," Greg L. Alford and Linda S. Hayes, February 1990, p. 35.

"Copper—proving its mettle," John E. Gross, August 1990, p. 20.

"Domestic wire producers—where will you be in the 90s?" Howard Booth, December 1990, p. 26.

Measuring and testing

"Length measuring of wire," Allan P. Ghazarian and Emil C. Evancich, November 1990, p. 29.

Meetings and exhibitions

"Tracing the progress of the Rod and Wire Producers Pavilion," Joseph A. Offredi, January 1990, p. 29.

"Nearly 10,000 attend Interwire 89, 59th Annual Wire Association Convention," Clifford D'Addetta and Joseph A. Offredi, January 1990, p. 32.

"Wire 90 comes to Dusseldorf," staff report, March 1990, p. 37.

"27,000 attend Wire 90," staff report, June 1990, p. 19.

"Wire Expo 90 and the 60th Annual Convention of the Wire Association International," Joseph A. Offredi and Clifford D'Addetta, September 1990, p. 98.

Production control

"Strategic integration for PC wire and strand manufacturing," Toshihiko Niki and Masayoshi Fuse, January 1990, p. 73.

Steel wire

"Development of a device to detect chevron cracks in high carbon wire in drawing process," T. Ohshiro, Yoji Hori, Osamu Kasuya and Kenji Aburatani, January 1990, p. 62.

"The production use and corrosion of wire for prestressed concret reinforcement," Allan B. Dove, May 1990, p. 19.

"Drawing properties and their dependent factors of low-carbon high-strength dual phase steel," Xiaomin Wang, August 1990, p. 50.

"Induction heating assures high quality, high strength steel wire for tire cord with improved productivity," Victor Dorsten and Vladimir Pilic, September 1990, p. 72.

"Effect of coating layer microstructure on corrosion resistance of Zn-Al alloy-coated steel wire," Ikuo Ochiai and Hiroshi Ohba, December 1990, p. 34.

Wire Association news

"New President takes businesslike approach," Clifford D'Addetta and Joseph A. Offredi, January 1990, p. 25.
